

Schools and Youth Bridge

Situation in Denmark
Key Challenges
Next steps
BAMSA research on Bridge & Schools

1

Situation in Denmark

New school reform starting 2014
More time for new subjects like bridge
Danish School Bridge Association established 2015
Basically relying on volunteers
Schools are open and interested, and LIKE bridge
Bridge activities in 193 schools
Based on cooperation with local bridge clubs

Covid pause a full school year

2

Key Challenges

Maintaining and Engaging young players

Getting into new schools
Finding helpers
Finding and educating teachers

3

Next steps

Digital Marketing:
Get youth bridge **professionally** on social media

The "old" next steps are still on:
Realbridge, BBO, Funbridge, other online platforms
In or after school activities
Junior camps
Junior and Schools championships

4

BAMSA research on Bridge & Schools

Make modern case studies on how bridge impacts learning

Badly needed to get politicians to support bridge
And fund bridge

Renew teaching methods

The Young people are changing, so must the teaching
