

# The Bidding Box and Contracts

To solve the problems, you must use the bidding box and study the scores on the back of the bidding cards.

Good luck!

## Exercise 1

What is the score for 3♥ making 9 tricks?

## Exercise 2

a) What is the score for 4♠ non-vulnerable making 11 tricks?

b) What is the score for 4♠ vulnerable making 11 tricks?

## Exercise 3

What is the lowest possible score for a made contract?

## Exercise 4

If you play a heart contract making 11 tricks, how high do you have to call to get the maximum points?

## Exercise 5

What is the score for 6NT non-vulnerable making 10 tricks?

## Exercise 6

a) Which (undoubled) contract gives the highest score if you make it?

b) How much is the difference between that contract and the contract with the second highest score? And what are the contracts called with the second highest score?
